

Pumpfix F conversion kit DN 100-200, fr. 01/2011, Floor slab

Article information

Item no.: 80098

GTIN: 4026092048276

Price group: 30

Description

The conversion kit is equipped with a pump and a motor-driven closure system. The pipe cross-section is normally open. In case of backwater, the motor-driven closure system is closed automatically. During the backwater phase, the water drains via the pump with integrated macerator.

The station is controlled by a user-friendly control unit, which is optionally integrated in the building management system via a potential-free contact, or alarm and collective fault messages can be output via a GSM interface.

The conversion kit is used to retrofit Staufix FKA, Staufix SWA and Controlfix for Pumpfix F backwater pumping station. The conversion kit also contains a tileable cover plate with drain, incl. Multistop and a seal.

Type of wastewater: wastewater with and without sewage

Installation situation: exposed drainage pipe

General characteristics:

Nominal size (DN): 100-200

Note on nominal size: Hydraulics correspond to DN 150

Approval: Z-53.2-388

Coverage features:

Type of cover: tileable cover plate

Cover material:

Drainage function:

Max. flooring height:
