

Chamber module LW 1000 ground Access LW 800, 1911-2160 mm, Class K 3

Article information

Item no.: 8740038 GTIN: 4026092065532 Price group: 60

Advantages

- For modular assembly with simple connection segments and intermediate sections 250 and 500 mm high
- Innovative honeycomb structure
- Installation in groundwater up to 3000 mm
- Vertically adjustable upper section available in LW 600 and LW 800 from class K 3 to class D
- ideal for scoring up to DN 150
- lift-protected

Description

The chamber module for wet or dry installation is equipped with fitted access steps in accordance with DIN EN 13101 and BGR 177, all the necessary seals and connecting wedges as well as a taper with vertically adjustable upper section. The intermediate sections made of permanently resistant polymer (PE) have universal connection possibilities.

Thanks to the modular KESSEL system, the design can be flexibly combined with intermediate sections, taper, upper section and cover.

Installation situation:underground installationDelivery state:Partly for on-site assembly (access steps have been
pre-mounted in the factory)

General characteristics:

Colour:	black
Standard:	EN 13598-2
Approval:	Z-42.1-527

Dimensions:

Length: Width:

Tank:

Inlet max. scoring (DN): Installation depth: Groundwater resistant from lower edge of base section: Clear width of tank (LW): Clear width of entry (LW):

Vertical adjustment:
