

Grease separator EasyClean free NS 50, Mix & Pump

Article information

Item no.: 93050.01/MS GTIN: 4026092103838

Price group: 60

Advantages

- Clean and odour-free disposal and cleaning
- Simple control

Description

The separator for greasy wastewater is suitable for free-standing set-up in frost-protected rooms and comes without metallic components in the tank. The collecting tank made of permanently resistant polymer (PE) is equipped with an integrated sludge trap and has slopes in the tank base for fast and clean disposal. Two odour-tight covers with quick-release closures make easy access possible for cleaning and maintenance work.

The innovative Shredder-Mix-System with integrated macerating system is responsible for homogenising and circulating the tank contents. Cleaning and odourneutral disposal takes place via an exterior pump with 2-way valve and change lever which can be disconnected from the tank by a shut-off valve.

Manual control is carried out by a user-friendly control unit that can be integrated into the building management system through a potential-free contact.

20 year polyethylene warranty.

Installation situation: free-standing set-up

Version:

Shut-off valve: yes

Type of disposal: manual disposal and cleaning system

Disposal system: Disposal pump Disposal variant: Mix & Pump

Refill inlet in accordance with DIN 1988: yes
Nominal size (NS): 50
Inspection window: yes
SonicControl: no

Water supply: 1 screw-type valve 1"

Load-bearing capacity (DIN 19901): F3

Delivery state: Installation-ready (electrical components,

connection parts must be connected on site)
Storz-B coupling R 2 1/2" for disposal vehicle

Scope of delivery: Storz-B coupling R 2 1/2" for disposal vehicle
