

Flat-roof drain

with pressure sealing flange

Made in PP. Vertical outlet, with pressure sealing flange with counter flange in stainless steel AISI 304, with leaf trap.
 Drainage capacity 4.5 l/sec flow rate.
 Installation area: 180×180 mm

Outer diameter Ø (mm)	Art. no.
Ø 110	45 950

Flat-roof drain

with twin pressure sealing flanges

Made in PP. Vertical outlet, with twin sealing flanges, with pressure sealing flange with counter flange in stainless steel AISI 304, with leaf trap.
 Drainage capacity 4.5 l/sec flow rate.
 Installation area: 180×180 mm

Outer diameter Ø (mm)	Art. no.
Ø 110	45 970
